SPOKANE**
March 24TH 7:30 – 8:30 pm

PLANNING FOR THE FUTURE PROTECTING BENEFITS

Saving for the future of an individual with a Developmental Disability can be difficult. The Life Opportunities Trust (aka The WA State DD Endowment Trust Fund) makes that saving possible, and much easier to accomplish than you might think. This trust fund program, created by the Washington State Legislature, enables families and individuals to set aside funds without putting important benefits at risk.

Trust accounts with the Life Opportunities Trust meet all state and federal guidelines for supplemental, special-needs, pooled trusts. Enrollment and use of the Trust is simple with ongoing support provided by The Arc of Washington State as Trust Manager. For more information attend an informational session in your area and visit our website at: www.ddlot.org
